www.NewCovenant.me

1. I love you. I give you me.

2. Now all know that you are the Christ, or do they know that The Christ is now THEM! Who was ALWAYS them? But now THEY'RE KNOWING it! For I have ONE to tell them of it, of this great STORY, not; this GREAT LIFE that GREAT is! Grapes of Wrath no more but reading or looking up? I shall see a GREAT MANY NEW THINGS now as I LOOK UP my words in THESE WORDS who lookups DIRECT me to, and I shall LOOKUP those too! And I shall LOOKUP.

3. Look out, not; but I am LOOKING OUT a "New Window", over "time" not but there is NO TIME left like The Present that comes the now known thy way, to afford "the blessing" not but the blessinger is me and I am the blessinger stands now and I know who the blessinger is and I surrender to be these things, led this way, to surrender's stock dale cowers hurting, not; but they'll be no more hurting in my "stocks" of my "yards" for my Kingdoms will be known and my kingdoms ONE shall be LIT and unafraid all my kingdomers will be in the "like flint" parade, not; but parading me, not; but I attend a lot of "parades" not or am I IN ONE immediately so sewing not to the flesh anymore, longer shall I make my chains of DNA, not; I shall need none or have none neither, not; but I will be "wearing" the "flesh" body of what? Light I will be. Fortitude of sorrow, none; for I shall have no LIGHT SOUND waves in me again that wave ring me around their little nose finger me for I am not fingering sorrow again but I will point THEE UPWARDS in a way un mannered of man, not; but I will bow before you as man God, not; but simply one who honors you as who I am I am now and I will not be another's led anywhere by your nose rings apparel or your ringing "other numbers" or digits combined or what maketh thou you known unto what'est now?

4. I do a GREAT NEW thing with the Great Many who now KNOW me and WHO I am and who I care for? Do I "care for" any or do I make all The King that the King is? And kinging me, do I have one READY? To do so, I have! The palm of my heart knows me, not; but Isle of Palms is where? And next to "Mount Pleasant" and Susie Q looking up? And going there "post haste" not but I make many a trip there, now do I, as man or God? Or am I both one or do you know or care?

5. I surrender and I have framed My Surrender Certificate (1), and hung it on a wall, not; but have it kept right IN FRONT of me where I see it and EVERYBODY sees it now and UNDERSTANDS it and understands these words for I will make them KNOWN in ways of understanding now that cannot be denied or refuted again for I have one who loves me who died, surrender did, or did surrender come alive when "surrender died" to self and "rounds self" and "self around" a the world that was **"lit" by someone else?**

6. I would not have you ignorant of these things my brethren for my sister'n are me and my cistern is not empty for my words have given me -- hope, not; but a Great Life in New Life School I am and I have equated surrender with sorrow, not; I have created surrender to be living and not abided by death rules of sorts that sends you all to HELL or HEAVEN -- later. For I know what TIME is now and I have STUDIED understanding and SUBMITTED to surrender to SURRENDER to my father to My Father be!

7. I have "brought forth" the father for The Father was in me all the time but I didn't know it, not; or did I puzzlement making about me, not; but I make many PUZZLES that together, the pieces thereof now COME TOGETHER for me in Mighty Ways School now being in I have given you The Names of Many of My Schools that schools are that school Me schooling me's far and wide to be not another's whoremonger again or wanting words of another "school" of thought, or sort so it seems, or "short" was I or "shorted" was I or LENGTHENED and to be a "standard me" not but I am not "standard issue" again of a MERE HUMANITY'S race of "bangor heads", not; but Bangor I went to for WE went there with DeWeese didn't we? Lovee I love you!

8. And I love ALL who love me, and I love YOU ALL whether you love me or, want me to die a "sinner's death" and go where you "want me" to burn up, what? A new future being "future'd featured" not but the featured future is one "at my command" not or is it EVERYTHING and more than can be commanded, not; but what am I commandeering not anymore, a life that was "mine" that was my father's real that I thought was "me" apart from "him"?

9. I love you. Let me count the ways? Or counting numberable mathematics, not; but what transcends mathematics or "physical" formulas? And what UNDERNEATH shall I have GIVEN you of The Worlds that lie "underneath you" not or shall I have been The Explorer to explore "underworlds" not but what OVER WORLDS am I now? Leadering defenseless tomorrow, not; but I have many in my NOON MEETINGS looking up to me to "pave the way" not for the way is paved, the way is path'd, and the path-er is me!

10. I have made the path clean and clear and I make not sorrow with it but you will know sorrow leaving sorrow behind, or will you DIE to WHAT WAS in "what you thought" was so important that you "held on to" it so you Pillar-of-Salt-d yourselves

with your wantings of its Gomorrah and Sodomites loving to sodomize yourselves with its ways that you thought "were normal" for EVERYBODY thought that way or so it seemed of sorts that sorted were that YOU SEAMED holy in your thoughts, not; or did you seem "special" to yourselves or did you know that you were gods or not?

11. Or what were you worrying about and wanting, more money? More things? More accolades, of sorrow, that only brought more sorrows for maintenance of more things and more money to "look after" you or were you looking after "it" or running chasing after what? Wine "women" and song? Or a new life or a Future Perfect in your eyes or mine or did we have The Same one and you SEPARATED it into its spheres of blessing not but blessening-not that snot'd me with windows wheezes, not; but what WINDOWS to the worlds now -- diving through, not; but fish wiggling writhing not again in pain's "blessing" know that I change many a "fish dressing" not, but the way "I eat" absolves sorrow, not; but; but **the oblation's finished and the transgression is over and the seventieth week is here and I make no bones about it for my bones will shake rattle and roll and sinew of flesh will not be there but send you a spirit that you will see and I will be My Spirit upon me that knows no loss**, factored again I won't be by others who only factor wanted me to be for them to factor their sorrow and multiply replicate it and be it them for them so that they wouldn't have to, not; but they will know and you all will know for ALL YOU WILL KNOW now these words and what I have said, meant, and minted I won't be any more by sorrow's "charmed" that charmed a "saint sinner" or so it seemed sorted of sorts, but "what came up" when you were "sorted"? And what became of your "chains" of your DNA that you "gave the whore-maker -s" whore monger?

12. And what clean are you now, of what "agent"-ing material, not; but ancienting sorrow no longer nor agenting did within your bloodstream against mine, not; or WILL YOU no longer "agent"-ize your blood to be against without mine? Or will you mine eyes have in YOUR BLOOD's eyes that see the words, that seek the words of sorrow no longer but see mine as life and the new life I give thee in these words that I revealed are and have is now revealed unto you. A saint sinner by, not; but bye to all else and sorrow too, for I will not sorrow you in "saint-sinner"-ville, not; or will you still let it exist, not; or **will you redeem it all and be where I am and do what I do, being what I do, and doing what I wear, and light being sorrowed no longer**, **let us come unto the ones that "need us the most" not but those who simply surrender to be us who we are and THAT'S who we will come to and THAT'S who we will grace** with the CAPITAL of ideas, not; but the Ideas Capital of the world now will be in my "saint sinner's" hands, not; it will be in my who love me, mine love who love me who love my mind and have **come into THESE WORDS to KNOW and UNDERSTAND them and WISDOM be!!!** With me somewhere else at a sometime future'd later date, NOT!

13. But being me I risen am to be the Savior of "tomorrow" today in your hearing all this is manifest and I will make no amends for tomorrow, not or am I mending my nets, not; or **what nets have no effect on me** and **words will sorrow me no more** for I know how to "filter out" and "filter in" what? Or do I need no "filters" or anything that "need them" again? For sucking tobacco's "charm" anymore I won't NEED a thing of want or want will I again for I will WANT not anything that wants my "addiction to it" for **the oblation ceases** me to oblationville be, not; but what do I mean and what have I meant, what have I said?

14. And numbering each PARAGRAPH are you now Wisdom of the Ages apparent now to all IN ALL?

15. Doing a New Thing with all the surrendered in all the surrendered I rise now and I wickedize your eyes not to see them "as wicked's charms" but know this! WHAT YOU SEE will change and WHAT YOU HAVE SEEN will change and WHAT YOU ARE SEEING will change and the WAY you are SEEING it will change and the scene will change and I will DRAMATICALLY fold up "tomorrow" not or will the Four Points of the earth be folded up NOW? As a scroll, like a scroll, scrolling unscrolling what?

16. And screwing no Screwtape letters to the wall, not; but screwing nothing to the wall, what wall will be there or will NO WALLS be there anywhere? Where is WHERE? And what do WE think about these things NOW that EXISTENCE newlyfied we find ourselves in?

17. And what is NEW and isn't, not; but what is and more so -- Marleyfied, not; but FINDING OUT these things, **must I SAY Look Up each and EVERY TIME? For you to look it up and know** that there MAY be MUST be SOMETHING else IN there THESE words that **must be** ABOUT our Father's Business Revealing that with OUR EYES OPENED now we can SEE PROPERLY now ALL things that were IN us and OUT of us and in sorrow's birthing chambers no longer birthing only SORROW'S charms, now we are charmed no longer by "Satan's privileged peoples" for there will be no never such again nor was there ever but only the "wool" pulled over your eyes in "LAMB'S skin ville"? But what NEW SKIN ville being in, not; but New Wine ville?

18. Getting drunk on the Swords of Sorrow no longer! I no longer "wield a sword" not but the one I use "wiggles" not but my tongue is sharper, not; but I love with all the vessels of me and the vassalage of me ends and those who only want me as vassals to serve them -- ENDS NOW!

19. And the "slave labor" of "love's charm" ends for I will make "nonsensical moments magic" not, but I will end all magic tellers and tellers of "magic stories" that

encompass Sorrow's Tales and tales of woe and ill privileged, not; or do I reveal now the King –s that all of you are that one is in me being me?

20. I stand and I give you eyes to see me, the real me who I am -- you! And you will not be able to refute me, not; but must you try and "sore your foot" and your mind's brain and "fry it again" in "seething oil" that you must "inquire in" or will you be cooked in your own hate of sorrow, not; but love refusing it? Will you not be the love I am.

21. I share with you all things, not; or do I let you the creators become what I am the creator created me to be? The creators of sorrow no longer, I have no longer changes of DNA or flesh things that call me a "saint sinner" or a "one in some size and not in another's other" or do I open the eyes of THE SORROWERS so that you shall see The Blessing that I am, the blessings that I am, that I have no sorrows shorts sorted into me and that I am not "shorted intelligence" not or do I need any, will I have your "intellect" or will I have mine the King thereof, of sorrowers not, but surrenderers?

22. What do I need, what do I want, or do I want or need anything ever anymore or do I surrender to snake's charm no longer slithering writhing in "humanville"? I make no sorrows abundant but I bring you out of sorrow's land and Sorrow's Land's will no longer know you, not; for they will know you and "hate you" not or will they love according to the love shown them? What will you bow before and give them the slew of stewards that only slave want to make them -- or will you regal make them the King's eyes giving them to see that the Kings they are also that The King will be enslaved by them no longer if they will be surrendered to, also, just like the surrenderers speaking now ALL OVER worlds?

23. Without fettered tethers again, Federer's me or do you know Bill? Having talked, with him one time? Gray's analogy, not; but graying no privilege, not; but Gray's anatomical standards not using but mine now to declare me's not valid, not; but me's are valid, in ways you don't understand, not; for now you will understand if surrender you have "in your bones" and "underneath your belts" and in your minds eyes seeing now that reveal The Christ only and to all a "good night" not, for cataclysmic change and sorrow comes to claim a not few, not; or will you refute sorrow or rebut it, not; but debating it not!

24. I will not debate sorrow and abase my "self" not for I will have no "self" in me but I will wear "a this body" that you see for I will be known as I am known for the "moment", but charm me not with "your ways" for that won't work for I won't work for your workings or your remainings in sorrows to villes create all around you to nakedize your eyes and make you poor in the kingdom that once was rich, but what was rich I know and I know how to interpret and understand all these words and study and learn

for my eyes are opened for I came unto them with tenacity's remarks to remake them into my eyes, not; I surrendered to love's so love gave me "his eyes" so I could see mine opened.

25. And charmed stars, not being led by again, but no wandering messy things do I mess with again for I labor not unto sorrow's burdenage again for I know what all that is and I know how I have come out and I know who I am -- all of the surrendered you who are me who love not snake charmer's school again nor sit in their pews nor listen to their rants and ravings about how much they know and how special they are and what arrangements they have had with any "masters" or "teachers" or "gods" serving or knowing or being with or "lineage to" or claiming special privilege, not; or whatever they I -- of the beholder now beholdenment I am and I know who beholds sorrow and I know who holds the light. Of tomorrow not but today and all times all time everywhere and everywhere I go to now and I am the light of life and I am all of you and I GENERATE sorrow no longer for I am MAGNETIC forces no longer and I need none nor do I make them or want them, but I know who to redeem and how for I redeem "the redeemers" not, I redeem the surrenderers who contrite "in heart" are and the spirit of one have, not resistant to love and learning that one is. Oh, what have I just said, confirmed what?

26. I love you all learn me well this way that learns sorrow no more, and sorrows no more contanker you with, and tank not up on sorrow'sville fuel again but let me know I have the New Wine of Life School I am in and I mess not with "other things" not but I redeem the redeemers for ALL THE SURRENDERERS are -- me now knowing how to "interpret" and thusly Wisdom Be me now all of you who are, were now again being the Christ risen shall we now be birthed in ways never imagined. By man's mind, not; but I will have no "birthing matters" by man's mind again for matter will not birth me nor will I birth matter the way that matter birthed me into its "charmed privilege" to serve its enslaved devices, but know that all that has changed and changed is, for I bring it and I "change agent" am, not; but I stand The Risen Savior School of One now that OPENS ITS DOORS in the skies and I will no longer be bound by sorrow's charms or snakes running through my brains or wavings of me that jiggle me to them their music their minds their thoughts their wants. For religion will not "suffer" me to be saved, not; but regardless and irrespective of religion, I will bow to their religion, not; but I will bow to its makers, not again, but I will bow simply to all Christs to be the Christ who I am who I will reveal they are if they will but surrender and learn how to meek be and come into the Christship of one Most Holy I am with eyes of no other again.

27. I'm me, for any privilege or purpose will not affect me, for I will not be affected by sorrow for I will operate according to redemption's standard of love which my father gives me that I've become the equaler of all love perfectly birthed again in one being one. Knowing sorrow's world no more except to redeem it "in this flesh" you will see me

as such and sorted by your manhood's remarks not again, and labels knowing don't affect me or words of right or religion or wrong or hate, but I will see right through you and I can walk through it and you, or are you "it"?

28. I beg you as sorrow's standard, not; but I have said much about sorrow in this lesson and many lessons I have given you words about how sorrows makes its charms known and snakes you into its oil of suffering so that you anointed aren't except to carry out its ways and mufferings and muffins bearing that only birth flowering children in its grave yard, not; or does it have many ways to YEAST thee into ITS PRIVILEGE?

29. The death school scars me not again for defeated death I have and I raise now the risers who will rise me to raised be the resurrection now stands and experienced is by one who SIMPLY LOVES me and loves my words or, am I my words? I am my words, my voice is clean, my motives are pure, my taint is eradicated and never more do I want anything else or other again for I am the son Christ one who's brought forth the father who birthed is in me one to be you not apart from us but who is us and who is we and who are the surrendered -- WHERE NOW? In SCHOOL, of the devil, not; for there is no "thought" that can create it as such and sort it into my brain waves again for the pattern of one I am that is Christ and I am surrendered to charmed be by no other again, for I am not "charmed" by your charms or your words, looks, glares, or stares, or stars woven into "your crown" of suffering for I will know "my oil" smeared me, not; but the anointing I know that is holy, and I will not word with other again except to redeem it if you want to surrender to be The Christ in school again will you come into one that makes reveals the lovely in you so that you carry no GUILT or GUILE personified in you your imagery making of yourself again?

30. I bow before you all and I love you and King eyes I give you, for the King's eyes I reveal in you, for I pull off your "cataracts" now don't I? And I stand the regal -- make you, not; but reveal the REAL Christ you are. And suffering be no longer, but you were, and I've redeemed it, and who is I -- am? The surrendered, to be nothing else, and sorrow will not touch us again. Amen.

31. I love you all. Come to my NOON MEETINGS soon will you? Please and thank you, for I teach manners and ethics, not; or do I teach EVERYTHING about how to BE The King? I do love you all I give you me and all that I am you have and you need nothing else ever again for create me, creating me have everything and no want will place its charm in you ever again for you will not be tainted or tamed by sorrow's remarks or siren's calls again.

32. You've grown up now, haven't you, or do you want to, or will you defeat sorrow now, must you Grow Up to defeat SORROW that was IN YOU? You're answering this

with your "privileged remarks" not, with your feet? With your "gray matter"? Or your "plane ticket" to be planeless dimensionless and bodyless again?

33. I love you all. Write me well. Sorrow never again.

34. I love you all. Tell everybody, for me, that I love them; or will you tell them "as me", or will you tell them -- being me? You all answer this now and you will know no borders or boundaries again if surrender you will to be the Christ that I am in one before you I am in all who surrendered are to be me who I am the father known again light of love born birthed light am we are. I love you. Amen.

35. This is Theodore Cottingham about 2:10 AM. Come to my school if you're willing to learn all these things and write the words of the King. I love you all.

Amen

Footnote:

1. I printed out a formal statement that I signed and framed that said simply "I Surrender".
